**RE: CITY OF CAPE TOWN- ENDORSEMENT LETTER – SMART PROCUREMENT WORLD
7-8 March 2017, SOUTH AFRICA**

This letter confirms the City of Cape Town's support for the Smart Procurement World / Enterprise Supplier Development Expo and co- hosted Africa Sourcing & Enterprise Summit taking place at the CTICC from 7 to -8 March 2017.

We support the event for the following reasons:

- It's fit with our Integrated Development Plan strategic objective to position Cape Town as an Opportunity City
- It creates an enabling platform for supplier development through its training programmes
- It creates access to markets through its Expo and linkages to corporate and government buyers
- It contributes to business growth by exposing local SMME's to an international market and opportunities.

I therefore encourage Corporates and interested parties to support this initiative wherever possible and as best they can.

Yours sincerely,

Thembinkosi Siganda
